Customer Reviews

I own two other coloring books by Hannah Lynn and have found her designs to be both fun and easy to color. She creates beautiful girls with lovely big eyes. In this book, the emphasis is on Halloween and other fall related themes. Over the last weekend, I found myself coloring in this book so much, I decided I had to pace myself a bit or I would finish the whole book in a week! I really enjoy Ms. Lynn's designs! There are two each of each of the designs. I like that, too, as I can try different colorways or perhaps give one to a friend. Who am I kidding? I'm not giving one of these

away but I may buy a second book to share with other... or maybe I want to color each design four different ways. The designs are easy to color. I like to use markers and colored pencils when coloring these designs. I lay down a foundation color with markers and then add details and shading with my pencils. I find that process is the easiest for me and results in designs that look the way I see them in my mind. Here is what I found while coloring in this book and testing my coloring medium on the paper. In the comments section below, I will list the coloring mediums I use for testing and for coloring as well.

30 x 2 each Big Eye Girls in Halloween Fun Designs Printed one side of the page

Paper is thin, white, slightly rough and non-perforated

Glue bound

Designs stop well before the binding area so it is easy to cut pages out if you choose to do so.

Designs have a double framing line around the outer edges for a natural stopping point while coloring.

Alcohol and water-based markers bleed through this paper.

Gel pens and India ink pens leave colorful shadows on the back of the page.
