## Customer Reviews

25 one-sided pictures with fairly thick paper. If you prefer gel pens, I would put a piece of cardboard or another paper in back of each page while coloring just-in-case. This color book has a lot of skulls, some with little detail and some with beautifully detailed designs. There is a gorgeous pumpkin at the beginning of this color book with detail that will keep you busy coloring for hours. A nice designed sugar skull too. Most of the pictures are really great, but some just are boring. If all of the pictures were like the ones with the detail, I would have rated this a 5.

Art is "cut off" on the majority of the pages with a "full" picture, it's fine on the collage pages, but not so much on the others. Lines on most pages are blurry, so that could be a little better. Love the artwork, though! I'll enjoy coloring, even if I won't be using any pages for display.

These pens are amazing for the price, what a deal! And they are lasting a lot longer than gel pens used to when I was a kid. When these are gone I'll for sure buy these again and I'm telling all my coloring book friends about them too!

Love this book! I am a kid at heart that loves her adult coloring books. Bhaloween is my favorite holiday and this book is my favorite one at the moment.

I bought this for a friend and didn't even look at it. When I gave it to her. . She showed me the pictures. I'll be getting myself one of these soon. Love it. Good for color pencil. If u use gel pens you will have to put something behind the page your coloring.

Arrived quickly, nice variety of styles of coloring pages! Me and my boyfriend have started coloring in this book, he's pretty picky, great for anxiety and stress relief. Thicker pages, but beware, heavy markers or gel pens disintegrate the pages if too much ink is used. Happy with my purchase!

I'm giving this book 3stars I'm not to happy with it I mean yes it has okay pictures but some pictures should not of been put in it it's not really to Halloween like kinda boring for me .

Some of the pages are a little juvenile, but the book is good as a whole.
