FASHION Coloring Book. Grayscale: Coloring Book for AdultsA stunning book! The drawings are each on one side of the paper and that makes it easy to tear them out . Coloring pencils work extremely well with this paper. Am buying copies for my friends and their children. I really recommend it.

I love this book it includes 3 of my favorite things grayscale, Alena lazareva artwork and fashion. I love to color clothes and people. Let's me get creative. I like ve her art and the people on this book. I have recieved this a few hours ago and colored a few so far and I'm so happy with this book. As always it is on one sided paper and is very high quality I can't wai till she comes out with another one. I really enjoy this kind of art and I hope you enjoy this one too. But you should also check out her other books. Funny animals and fantasy kingdom. She has 6 in total and I love them all
