I love this book, literally brought back such a flood of memories of growing up in that era.~~!!**

One-sided pages so you can use markers if you like, but be sure to use bleed through protection if you leave it in the book, glue bound so would come a part with a heat gun easily enough if you prefer to take your images out and scan them to card stock as the paper is only a 60# weight, The images themselves are spot on. I think any colorist would enjoy this book from beginning to advanced. I have not colored in it yet as my best friend stole it and is coloring in it right now. LightBurst Media sent me this book complimentary for my honest review. Please see the video flip through for a look inside the 70's ERA~~!!**

WOW! This is a fantastic coloring book! It contains extremely detailed pages which are overflowing with 70s fashions & trends! Also, I have been listening to the 70s playlist that the book included while coloring & love the disco tunes! Hands down, this is my favorite adult coloring book! It's fun & relaxing and the art work is superb! I would recommend it to all coloring & fashion lovers.

The detail in this coloring book is out of this world! Page after page of disco fabulousness. This coloring book will teleport you into a cartoon world where disco never died, everything is fabulous, and fashion is king.

I was gifted with the coloring book Grove 70's: Fashion in return for my honest review. I can't say enough how The artist Bonnie Bright put such detail into her work. I couldn't stop coloring from the minute I received it. I would definitely recommend and can't wait to see the rest of her book.

This flash from the past is a blast! The 1970s details are there - down to the macrame plant hangers and wide-legged attire. I love doing these pages - they are pretty intricate but not to the point of annoying. I recently purchased some flesh/hair tone pencils and they were work great on these figures. Otherwise, all colors in the clothes and backgrounds work in vibrant, groovy harmony. I'll had some photos to this review soon.

I love, love the fun images in this book. The pictures are happy and fun, very detailed and lots of options to color. Has lots of pages which I always love. There is one image per page and the paper is slightly thicker than printing paper, with a nice texture for grabbing color. My favorite part of the images, is that they fill the whole page with designs.

I am in LOVE with adult coloring books!! I won a free copy of "Groovy 70's: Fashion Coloring Book

For Adults" from librarything.com and I LOVED it!!! I have always been a lover of the early 1900's through the 70's fashion, once you hit the 80's it kind of turned into a slippery slope of bad wardrobe choices. :0 Anyways this coloring book was so full of detail that I was overjoyed by the fact that I get to personally choose the colors to go with this groovy fashion! It was so much fun!! Of course my children wanted to help too, and they enjoyed coloring it too! Boy was it some interesting pieces of fashion from them! :) If you are an adult coloring book lover too this is definitely something to add to your buy list!

I like the theme based on popular 70's songs. Fun! The pages look like they will be a lot of fun to color - lots of nooks, crannies, and designs. I'm not passionate about fashion or the 70's but I don't dislike them. I mention that because the book still looks good even so. I only put a 4-star because I felt the people depicted seemed more YA than Adult although the rest seemed adult.
