Customer Reviews

Length: 2:45 Mins

This is a really cute Halloween coloring book with lots of kittens, pumpkins, witches, vampires and cute little trick or treaters. Each of the design pages are filled with adorable little ones that are so much fun to color. I have another Kawaii style coloring book and have enjoyed coloring it, so when I found this book in a similar style with a Halloween vibe, I knew I would enjoy it as well. Along with the 20 full size pages, there are two pages at the end of the book which include four bookmark size designs each for more coloring fun. In addition to these 22 pages of designs, there are sample pages from several other Mindful Coloring books as well. This is what I experienced when coloring in this book and testing my coloring medium on the paper. In the comments section below, I will include a list the coloring medium I used for testing and which I also use for coloring. 20 Full Page Halloween designs in Kawaii style plus bonus pages Printed one side of the page Paper is thin, slight

rough, white and non-perforated Glue bound Designs do not merge into the binding area and have a framing line around the outer edge Alcohol and water-based markers bleed through. Water-based is more spotty while alcohol-based flow through rapidly. Gel pens and India ink pens leave shadows on the back of the page. India ink pens can bleed through in spots if you apply multiple layers. Colored pencils work well. I tested both oil and wax-based and had good results with both. I was able to lay down good color, layer the same and multiple colors, and blend easily using a pencil style blender. Hard lead pencils can leave dents through the paper. I use a blotter page of card stock to keep seeping ink and dents from damaging the pages below my working page. A couple of pages of heavyweight paper works well, too.

Really cute coloring book. Big enough pictures to color easier and not so stressful.

This book is so cute! Perfect for kids or adults! Images are one-sided.

This is a very cute book love it .
