Customer Reviews

This book was a quick, fun to read retelling of the new film The Secret Life of Pets. I liked the pictures in the middle of the book because they gave me a better idea of which character is which in the story. I highly recommend to any young readers looking for a short chapter book or any fans of the movie!

Daughter loved it. Finished it in the first day of getting it, and she loved the pictures featured in it, too.

My son is very very happy with book. He's read it twice already and takes it to bed with him

The kids really like the book and the movie was really good too.
