# Strange Trees: And The Stories Behind Them

## Synopsis

Have you ever heard of the Strangler Tree? The Bubblegum Tree? The Upside-Down Tree? How about trees with horns, bottles, sausages, crowns, and ones that walk or even explode? Crazy, maybe, but true. Find out more about these, and many others, in this colorfully illustrated collection of the most bizarre "but real" trees from around the world, once again reminding us that the art of nature is far stranger than fiction. The perfect book for inquisitive naturalists with imaginations, *Strange Trees* also includes a map of the world showing where the trees grew.

## Book Information

Hardcover: 40 pages

Publisher: Princeton Architectural Press (April 5, 2016)

Language: English

ISBN-10: 1616894598

ISBN-13: 978-1616894597

Product Dimensions: 9.2 x 0.4 x 12.5 inches

Shipping Weight: 1 pounds (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars [See all reviews](#) (6 customer reviews)

Best Sellers Rank: #282,266 in Books (See Top 100 in Books) #94 in [Books > Children's Books > Education & Reference > Science Studies > Nature > Forests & Trees](#) #4028 in [Books > Children's Books > Science, Nature & How It Works](#)

Age Range: 7 - 10 years

Grade Level: Kindergarten - 3

## Customer Reviews

This book is cute but very wordy and too advanced for my 3 year old. I bought this based on a recommendation I read online. For each tree, there is a picture on one page and a full page of text on the other describing the tree. This was too much for my son. The artwork is nice but it's a little abstract for the text detail, so that my son couldn't recognize the "chocolate tree" as an example, even though he knows what the cacao pod looks like. It's not really bedtime reading or a story but may be good in a classroom setting for elementary school kids.

great book, beautiful illustrations, my 6 year old, second grader, loved it ( I found it very entertaining as well)

Great gift for a 2nd or 3rd grader --- bringing nature alive in literature.
