Grade Level: Kindergarten - 12

## Customer Reviews

The Coloring Book of Cards and Envelopes: Nature definitely brings something new (and oh so painfully cute!) to the adult coloring experience. Nature is a set of 24 cards and envelopes for you to color and mail off to your friends and family à “ that is if you can bear to part with them! But do try! Just think what a most happy (mail) day it will be when someone pulls this cute envelope from his/her mailbox. I shall strive to take my own advice! The Coloring Book of Cards and Envelopes: Nature completely exceeded my expectations! I am super impressed with the all the design details (and coordination) on the cards and envelopes (and stickers!). And Rebeccaâ™s art is utterly charming à “ itâ™s just over-the-top cute! The front of the card has an adorable (nature-themed) design to color. There are all sorts of woodland critters like deer, squirrels, owls, ducks, mice, hedgehogs, rabbits, birds, and foxes. There are even otters, frogs, and fishies! And thereâ™s a

generous sprinkling of mushrooms, flowers, leaves, berries, branches, and tree stumps. The inside of the card has a little design motif for you to color on the lower left hand corner. The right side has a darling border for you to color in a " with plenty of blank space in the middle for you add in your own sweet greeting! The back of the card features a leafy and/or floral border with the words "colored for you by" and there's a line underneath to fill in your name. The cards measure 5.25 by 5.25 inches when detached from the book and folded in half. What impressed me the most about the cards is how the design elements are coordinated. For example, the front of the card shows a deer standing up but on the inside the deer is snuggled up taking a nap.
