Unique illustration of London! I find this book unique and different style illustration of London landmarks, beautiful and quaint places around the cities. It's like keeping a diary of events when traveling to London. Paper quality is excellent, printed on one side of the paper the opposite side gives you an idea, explanation where the illustration from. I love this book!

Love this book, all pictures to color no just bare sketches which are impossible to color. Page are one sided a small explanation of page on back one each picture. Page es are good paper, don't know how to grade it but I love, buy it, you will have so much to color.

These are lovely designs, and each page takes me back to when I visited London. There is a little "blurb" about the location in the picture on the back of each. Heavy paper (good for markers) and non-perforated.

Awesome book! Large variety of pictures. I'm an Anglophile and love London and nothing was left out. I'm thrilled with this book!

Nice thick book. Lots of nice images for adult coloring. Many images can be considered for children, simple, not too detailed. Still very nice selection.
