Arcanum Unbounded: The Cosmere Collection

Synopsis

An all-new Stormlight Archive novella will be the crown jewel of Arcanum Unbounded: The Cosmere Collection, the first audiobook of short fiction by New York Times best-selling author Brandon Sanderson. The collection will include eight works in all. The first seven are: "The Hope of Elantris" (Elantris), "The Eleventh Metal" (Mistborn), "The Emperor's Soul" (Elantris), "Allomancer Jak and the Pits of Eltania, Episodes 28 through 30" (Mistborn), "Shadows for Silence in the Forests of Hell" (Threnody), "Sixth of Dusk" (First of the Sun), and "Mistborn: Secret History" (Mistborn). Originally published on Tor.com and other websites, or published by the author, these wonderful tales convey the expanse of the Shardworlds and tell exciting tales of adventure Sanderson fans have come to expect, including the Hugo Award-winning novella, "The Emperor's Soul." Arcanum Unbounded will also contain a currently untitled Stormlight Archive novella which will appear in this audiobook for the first time anywhere.
