Clean House: Exposing Our Government's Secrets And Lies

Synopsis

From the New York Times bestselling author of *The Corruption Chronicles* comes a devastating expose of the scandals of Obama's second term. Judicial Watch President Tom Fitton reveals what the largest watchdog agency in America has uncovered in its battles against Obama secrecy. *Clean House* takes us through incriminating documents from the attack in Benghazi, Hillary Clinton's secret emails, the IRS scandal, and the Obamacare swindle. As the president of Judicial Watch, America's largest non-partisan government watchdog, Tom Fitton has investigated the Clinton, Bush, and Obama administrations. Judicial Watch is the group that helped impeach Bill Clinton and took the Bush White House secrecy all the way up to the Supreme Court. Since the beginning of the Obama administration, this grassroots group has filed over 700 open records demands and dozens of lawsuits, including a successful fight over the secret Obama White House visitor logs. Americans are rightly worried they are losing their country. How did five Congressional committees miss the smoking gun on Benghazi? How did Hillary Clinton keep a secret email server quiet for years? Does the IRS audit you because of your politics? Did the first American target of Obama's drone program work for the US government? How did Congress commit fraud to get Obamacare taxpayer subsidies? In *Clean House*, Tom Fitton answers these questions and provides shocking evidence of the corruption endemic to the Obama White House.

Customer Reviews

Thank You Judicial Watch. I sent a donation to Judicial Watch recently.. and plan to send them a

recurring monthly donation. The Federal Government is so corrupt and opaque... that you have to sue the Government under the Freedom of Information Act to get documents that belong in the public domain. Without Judicial Watch none of the illegal antics of Hillary Clinton would have been discovered. The lies and deception by Obama and the Democratic Party over the past 8 years would never have surfaced. At this point the Federal Government is not accountable for any of it's actions. The Obama administration has proven to be the least transparent in history. Obama and his minions will lie directly to your face and shrug it off. Hillary Clinton's administration will be far worse. Clinton has spent a lifetime perfecting the "art of the lie". She is the most dishonest and disliked woman to ever be involved in Politics. Clinton will likely be elected as President. The Media is complicit in campaigning for Hillary Clinton. Clinton raised \$146 million dollars for her campaign in August 2016. This broke all records. Let me remind you that Hillary Clinton said: " We need to get the money out of Politics." Really? Hillary Clinton has been bought by Wall Street and Big Banks...she will pay them back with "favors" once she gets elected. You can no longer trust or depend on the Media. The Media is unabashedly Pro-Democrat and Pro-Progressive. Basically the Media tells the you only what the Federal Government wants you to know. The Media selectively filters and slants the "News." CNN, MSNBC, Washington Post and the NY Times are the worst offenders. These organizations no longer investigate...
