# Dead Wake: : The Last Crossing Of The Lusitania By Erik Larson | Summary & Analysis

## Synopsis

Warning: This is an independent addition to *Dead Wake*, meant to enhance your experience of the original book. If you have not yet bought the original copy, make sure to purchase it before buying this unofficial summary from aBookaDay. *Dead Wake: The Last Crossing of the Lusitania* by bestselling author Erik Larson offers a detailed look into the May 7, 1915 sinking of the British passenger ship the Lusitania by a German U-boat near the start of WWI. This review follows along the chronological storyline of the book, and includes special attention to the extensive detail offered by the author. The summary is followed by an analysis of the book's strengths and weaknesses. Larson weaves this story by offering alternating views of the captain of the Lusitania, the commander of the sub that sank it, the passengers aboard the ship, British naval intelligence officers, and President Wilson. The general story line is chronological and the various perspectives alternate throughout the telling. Two central thesis are developed throughout the book. The first is that the author is sympathetic to the captain of the Lusitania who was somewhat maligned after the event by those who sought to blame the sinking of the ship on his incompetence. The second concerns the suggestion that there was deliberate negligence on the part of British intelligence and leadership who recognized strategic advantage in the ship being attacked in terms of its potential to draw Americans into the war as allies. The author uses rich archival detail to support both claims. Larson is both an accomplished journalist and historical novelist. He has written four New York Times bestselling books on subjects ranging from serial killers to hurricanes. He has written for *The Wall Street Journal* and *Time Magazine* as a staff journalist. He has been a contributing author to *The Atlantic*, *Harper's*, and *The New Yorker*. His academic background includes a bachelors in Russian history, language and culture from the University of Pennsylvania, and a Masters in journalism from Columbia University. Language: English

ISBN-10: 1535281464

ISBN-13: 978-1535281461

Product Dimensions: 6 x 0.1 x 9 inches

Shipping Weight: 4.2 ounces

Average Customer Review: 3.4 out of 5 stars (See all reviews) (41 customer reviews)

Best Sellers Rank: #223,766 in Books (See Top 100 in Books) #168 in Books > Arts & Photography > Architecture > Individual Architects & Firms

## Customer Reviews

I intended to buy the book but got this summary. I am not alone judging by the reviews. It was difficult to return online and ended up talking to an actual person who resolved the problem. Be persistent in returning this even though it is only \$2.99.

A new scam. Write a bad book report and publish it with a title so similar to the Book's that the unwary such as myself will buy it when they thought they were buying the book. The actual book is very good. This rip off is worthless.

Very poorly written: awkward language, misspellings (site for sight, e.g.), typos. No wonder the author is anonymous!

I read this for a Book Club - we all loved it. We knew so much about the Titanic and very little about the Lusitania. The book is very interesting as it follows several of the passengers, their lives, and why they were on this particular sailing. It is stunning to read about the huge number of major ship accidents, on the ocean, the Great Lakes, etc. It is well written and I highly recommend it...

Very informative analysis of Dead Wake which helps put the book in context and allows the reader to easily understand the sequence of events and the context in which the decisions by the Royal Navy were made.

I got misled. This is only a summary, not the book. Bummer.

What I thought was the book is just a Crib Notes summary. Sneaky way to soak you for 3 bucks. Buyer beware and read the fine print. Unfortunate for the author as now I've decided I can wait for it to come in at the local library.

I don't like the Book a Day program. I thought I was buying the entire book which I want to read.
