## Customer Reviews

The Stranger 3 finally gives us some answers as to who the stranger really is. But don't get too excited: once again, it ends in a cliffhanger! I'm really hooked on the series and I can't wait to see what happens next.

arrrgh, my only complaint is that its coming out chapter by chapter, you get so involved .. then it ends and I have to wait for the next one.. a great read though

This was much better with the body of the story giving some insight to the characters. To me even if it is a romance novel I like character development and a well written story line

I was so into this story and bam! Depressing cliffhanger. After four amazing moments with a stranger and we get a name, but no true love. I am bummed. I hope to read the sequel.

You must buy the previous books- and you must buy them all at once! I am anxiously waiting for the Stranger 6 to be released!! You will love this series! Very well written.

Oh, the intrigue. I'm dying here - on to the next book!!!!

good book, short
