National Geographic Readers: Day And Night

Synopsis

During the day, the sun shines, birds tweet, and bees buzz. Earth is awake! But what happens at night? The moon -- and a whole new group of animals come out to play! Adult and child readers can cuddle up and read aloud and learn together in this new "you read, I read" co-reader format, vetted by early reading expert Susan B. Neuman.

Customer Reviews

I really liked the discussion questions through out the story. My daughter and I enjoyed reading and discussing the animals and plants.

This book is perfect for my special education classroom!
