I love Abby Taylors coloring books. She has Monster S***s and Monster S***s 2, I highly recommend that you purchase those for your collection as well. This book is perfect for anyone who is just sick of there jobs lol. Least you can color how you feel if your not always able to say it. She has some of the best priced coloring books out on . I look forward to every new book she brings out, I follow her on a facebook group to keep updated. The quality of the paper is great and I haven't had no problems with the paper shredding if I use markers. Just make sure to put a piece of paper underneath if you use Sharpies so you don't ruin the next page. These are one sided pictures so that is another plus.

The cover of this book alone is what sold me on purchasing a copy! The entire book is full of hilarious images and words that will make your hectic work day FAR less stressful. Abby's designs are adorable and the sayings are witty and clever... a great coloring book!

Love this!! It is exactly what my friend needed to get through a bad week. Now I need to buy another one after giving my 1st copy away. LOL
