# Teacher Created Materials - TIME Informational Text: History Of Comic Books - Grade 6 (Time For Kids Nonfiction Readers)

## Synopsis

The History of Comic Books builds critical literacy skills with an action-packed nonfiction reader designed to engage sixth grade students. Keep your students at the edge of their seats with content that will keep them enthralled from the first page to the last. Showcasing heroes and villains in the Marvel universe and other popular superheroes including Batman and Superman, this informational text takes a look at the origin of some of our favorite comic book celebrities. Aligned with state standards, the History of Comic Books features complex and rigorous content appropriate for middle school students preparing for college and career readiness. About Shell Education Rachelle Cracchiolo started the company with a friend and fellow teacher. Both were eager to share their ideas and passion for education with other classroom leaders. What began as a hobby, selling lesson plans to local stores, became a part-time job after a full day of teaching, and eventually blossomed into Teacher Created Materials. The story continued in 2004 with the launch of Shell Education and the introduction of professional resources and classroom application books designed to support Teacher Created Materials curriculum resources. Today, Teacher Created Materials and Shell Education are two of the most recognized names in educational publishing around the world.
