## Customer Reviews

Have you ever had surgery and was told complete bedrest? One of my favorite things to do and this has been for the last eight months and counting is to do some stress relief adult coloring books. I loved coloring when I was a child and thought that this would be one of my favorite items to do. And it is. If I am not coloring, you can find me reading my kindle or watching my fire TV ( I love all Three).One of my favorite designers of coloring books is Broderick S. Johnson. I have his on both my kindle and in book form. I am just a big fan of his work. His books are always fun and I just love his spirit.\*\*\*I received this product at a discount or free to give an unbiased and honest review, as you can tell that I did. All the details and opinions are 100% mine, my husband puts his opinion in on certain products, but this review is mine. Thank you for taking the time to read my review. If you find this review helpful, please vote\*\*\*

I find his first book to be of better quality. The paper is very thin and colored pencils maybe the best option. Some of the illustrations are incomplete due to the size ( tops of heads missing, etc.) All the illustrations are one sided, but the book I received has them on the left side. He draws beautifully, but I wish he had chosen to publish a book of better quality.

This book is interesting in that you get the chance to creatively color images of women with all sorts of intricate beauty. I enjoyed the content of this coloring book and I would definitely recommend it to younger girls who are into coloring and are interested in other related coloring book themes, such as princess, fairy tales, etc.

The coloring book is beautiful What I did not like is that The paper is too thin to use with markers

I really like this coloring book, I'm giving it only 4 stars for 2 reasons.1. Strange binding that goes both ways.2. The pages are not perforated .

THIS BOOKS IS GREAT!!!! THE PICTURES ARE SO DETAILED AND LETS YOU GIVE MORE COLORING EFFECTS. HIGHLY RECOMMEND TO EVERYONE.

GREAT ADULT COLORING BOOK, BEAUTIFUL WOMEN TO COLOR. WOULD RECOMMEND.
