## Synopsis

A fresh, well-observed, sometimes whimsical, sometimes elegant, annotated carnet de voyage about the "City of Light" featuring cityscapes and portraits. A must-have art book for all Paris lovers and visitors with streak of creativity and for all those Lapin fans who collect every new book he publishes. For famous French illustrator Lapin, sketching is a way to record every second of his life and feel alive. ## Customer Reviews

Interesting sketches but I just do care much for the scanning quality of the artwork and the choice of paper of the artist, where you can see the lines of the accounting paper he used. Just bizarre and distracting...

Love Lapin and his sketching. Talented and beautiful. I keep them around to inspire me as I draw.

So many subjects and styles - the joy of relaxed sketching.

Delightful, love Lapin's drawings.
