Origami Chic: A Guide To Foldable Fashion

Synopsis

Transform a simple sheet of paper into a runway-ready outfit with easy-to-follow instructions and illustrated diagrams from origami master Sok Song. With thirty unique origami models and fashion-forward folding papers, you'll create one-of-a-kind gowns and sophisticated dresses for elegant occasions, as well as everyday items such as jeans, sweaters, and jackets-plus accessories to complete every look. Everything you need to create a custom origami wardrobe is included-all you have to do is fold.

Customer Reviews

Wow - the dresses are killer; such a great combination of Fashion Design and Origami Design. I can see many of the accessories being table name tags for that special dinner party. And what not to love about the papers.....very calming colours and patterns.

An excellent addition to any origami library. A lovely well thought out book, that as an added bonus comes with paper designed specifically for each model in the book. Good for experienced folders and beginners as well, and the majority of the models are flat, which is great for those who make their own greeting cards or swap ATCS. The only complaint,(which is not really a complaint) is where can I get more of the lovely paper that is in books. You may want to consider buying two or

three of the books just so as to get more of the paper.

Whenever you see the name Sok Song attached to any origami project you can be sure that it will be of the highest quality!! Other books include Everyday Origami, Origami Accessories, Origami Outfits as well as Creased Magazine and Crease and Fold.

This book is great for anyone who loves fashion (and paper crafting). The included "how to fold" directions and beautiful paper made Origami Chic extra fun for me.

Fabulous book - lots of amazing designs and easy to follow instructions. Never seen an origami book like this - great for folders of all ages!
