Customer Reviews

If you have been collecting her calendars for years like me you will be disappointed. It has many of the same pictures from other years. There were only 2 that I didn't already have. Plus the picture on the cover is not on any of the calendar pages and I really like that one. As many paintings of fae that Amy Brown has done they shouldn't have to repeat them.

I think this is very cute, but I bought this so I can write my work schedule and keep track of my hours. Since it is a 16 month calendar I expected all 16 months to be printed one on each page. But it has the first 4 months(Sept-Dec.2015) very small on one page and the rest of the 2016 months one on each page as usual. This did not help very much since I bought this on September 2015.

I have been buying and ordering Amy Brown's calendars for years. I have her large fairies and bubble fairies in my curio, (I need another curio). I love the calendar not only for her artwork but the size of the boxes of the days. I can't remember yesterday so I write everything on my calendar, not to mention getting to see her artwork as I mark off the days. I already can't wait for next year's calendar!

my mother loves Amy Brown I get this every year for her Christmas gift. and she loves it.

Very beautiful for fantasy fans. Vibrant colors and lovely artwork.
