# Fleetwood Mac: The Complete Illustrated History

## Synopsis

This is the first-ever complete, illustrated history of Fleetwood Mac, the legendary band that has sold more than 100 million records worldwide. From this British-American band's blues origins in the 1960s to its pop superstardom in the 1970s and 1980s to its 2015 reunion, Fleetwood Mac has endeared itself to audiences worldwide. *Fleetwood Mac: The Complete Illustrated History* covers the band's illustrious career, highlighting details that will surprise even the most loyal fans. With a career that began nearly fifty years ago and yielded seventeen studio albums, Fleetwood Mac has had a rollercoaster career, detailed here through a carefully researched text and myriad photographs and memorabilia, including some rare and little-seen items. The band's most popular lineup includes drummer Mick Fleetwood, bassist John McVie, keyboardist and vocalist Christine McVie, guitarist and vocalist Lindsey Buckingham, and singer Stevie Nicks, but its members have shifted over the years since Fleetwood Mac began in 1967. And although the band's superstar phase in the 1970s is most familiar to the public, Fleetwood Mac's roots were in the blues, and the band evolved in fits and starts before finding popular success. *Fleetwood Mac: The Complete Illustrated History* documents their entire story, including the troubled circumstances that led to the 1970 withdrawal of the band's original guitarist, Peter Green, as well as the broken marriage of John and Christine McVie and the romantic breakup of Stevie Nicks and Lindsey Buckingham that threatened to split the group even as they were recording one of the biggest albums of all time, *Rumours*. This is the whole story of one of rock and roll's greatest bands.

## Customer Reviews

What a cool great looking book silver cover with a hole in the middle showing a black and white photo of the band back in the day different but cool I love the group and can't wait to read it and judging by what I am seeing it will be a good book being the fact I just received it today

This book starts out with a beautiful silver cover with the center cut out to feature the black and white photo of the band. It will look great on the coffee table! Inside is a great collection of album art. Very inspirational from an art history standpoint. The photos are a trip through time as well. The band for the most part didn't smile much in them though :) For a band that changed it's members a lot there is a lot to read about.

Great coffee table book for any Fleetwood Mac fan. All the history you could want about the band, all the members and the music. Lots of great pictures and cover art. If you know someone who is a big Fleetwood Mac fan this would be a great gift.
