#Mandalas Coloring Book: #Mandalas Is Coloring Book No.6 In The Adult Coloring Book # Series Celebrating Mandalas (Coloring Books, Stress Relief, ... Series Of Adult Coloring Books) (Volume 6)

Synopsis

#Mandalas Coloring Book(AGES 1â "100) #Mandalas is for every single person out there who can find pens, pencils, markers or crayons! Â (+ 4-page Bonus Poster)One of the most enchanting, most innovative Coloring Book Artists in the world, Cynthia Van Edwards has done it again. In this incredible new Coloring book, the 6th in the â œ#â • series, you will get to work with images and illustrations that look and feel 3-dimensional. The new coloring pages in this focus on the basic concept of Mandalas, but with much more involved.What makes this book especially different from #Love , #Beautiful and #Flowers is that Cynthia focuses on various Mandala patterns and variations on that theme. Itâ ™s much more than just a book of circular objects, and many of the designs are quite complex and will create hours of calm and creativity.#Mandalas celebrates Â symmetry and texture as many of the designs are on textured surfaces and 3-dimensional plaques. We really think youâ ™ll enjoy this book and we look forward to seeing what you create!Now, letâ ™s see what youâ ™re made of!Â Â #Mandalas Coloring BookThis book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but theyâ ™re anything but.We hope to give the designer (you) a very introspective and mind expanding experience.PLEASE: Take pictures of your finished coloring designs and post them to CYNTHIA VAN EDWARDâ ™s Facebook page, add the hashtag #MandalasColoringBook to your post.

Customer Reviews

Amazing Book, must have!! I love to color but am not a huge fan of many mandalas, they must be unique and different for me to try them. I started with the 4 page poster as a beginning one. I was hesitant to start it but colored page 1, and then figured it wasn't that bad and tried page 2, and by then I couldn't wait to color the next two pages. It was fun and challenging and not boring and monotonous. I love Cynthia Van Edwards books and can't wait for her next ones to come out. The textures and details that are surprising and unique enough that there is no chance of getting bored in coloring more than a few from the same book. I am going to have to go back into her coloring book history and find more of her work. Can't say enough about this book. The picture attached is my 4 page poster that I cut and taped together, waiting to get a frame for to hang in our kitchen.

Let me start this off by saying I hate coloring mandalas. I'd rather color anything else. But Cynthia's new book #Mandalas takes mandalas to a different level. The mandalas in this book are different from normal mandalas and they definitely got me coloring mandalas. Included in this book is a four page poster (see image below) I really enjoy coloring the posters and having to piece them together to make a full image. I've had the pleasure of being on Cynthia's coloring team and have received advance copies of coloring pages and/or books.

#Mandalas is the 6th book in the # series, and just like all the other books by Cynthia Van Edwards she put her heart into it. This book is full of wonderfully drawn art work. There is no need for words with this book because the art work speaks for itself. If you are a fan of Ms. Van Edwards you need to add this book to your collection. I received four pages from this book to color from a social media group that I belong to.

Cynthia Van Edwards never disappoints. #Mandalas is no.6 in her # series. It's a beautiful book like always. If you don't like mandalas I suggest you take a look at this book because Cynthia puts her own twist on mandalas. I recommend this book for everyone. I've added the 4 page poster that comes in book.

Not your average mandalas! As always Cynthia Van Edwards delivers an amazing adult coloring book and this one is no different. Intricate and complex mandalas for hours of coloring fun. One of the best of the # series for sure!

This is just my opinion, but this book does not merit more than 2 stars. I received this book (along with another from a different author) yesterday, and this will be the first time I have ever returned a coloring book. I have purchased at least 200 coloring books over the past two years. I do not consider myself an expert, but I do have a certain minimum standard. The original mandalas in this book were fairly nice. However, I don't like that they double the size of the book simply by distorting or shrinking the original image and making another page. I think the paper is poor quality...it's very thin and cheaper than standard printer paper. I did not like the shading/borders at all. I felt it overwhelmed the page and distracted from the mandala. I also don't like the extra printing on the pages. When I buy a book, I don't want the author's name, book title, or # sayings on every page. I can understand having that if you are giving the pages away for free, but not when I am buying it. I bought this book based on a coloring I saw, but now I realize they altered their picture to not show the ugly writing on the page. I value .com ratings, but I certainly don't feel that this book deserves a 4+ star rating, not when compared to so many other well-made books out there. This one is going back, and I will be hesitant to buy books like this again. As I said, this is just my opinion. It may be great for some. It seems that everyone who draws thinks they should publish a coloring book. While I agree this artist's drawings are good, perhaps she should stick to selling on the internet until she can do a more quality publication.

This is the 6th book in Cynthia Van Edwards # serie coloring boks and it is just as wonderful as the first 5 of them. The 4 page picture I colored was fun to do and I look forward to colorimg the rest of the pictures in the book. I love mandalas so I knew this would be a great mandala book to color in.

If you love Mandalas you will love this book, # Mandalas by Cynthia Van Edwards . Pack full of original mandals for the Mandala lover in you. This coloring book will be a great one to add to your library.
