## Customer Reviews

I have been buying one for the last 12 years and from all sorts of places. I loved how it was mailed in a flat box and there was no damage to it and it's clean and pristine and ready for the next year. I normally get mine and the edges are banged up and sometimes the calendar is bent in half as the postal service tries to cram it in my mailbox. I can't live without this calendar and it provides me the

info I need. I can't say the same for everyone as everyone is going to be different. This is just a must have each year for myself personally. I'm glad it was released early and the price was fair and I was able to snag it fast.

Love this because of the daily colors. I never struggle with what to wear I just pick the color it shows for the day.

Lovely as always been buying them for years

Best calendar I've found to date that includes everything a wiccan needs to plan their year out. I love how detailed it is and the artwork is beautiful!

This is a Christmas gift to a great friend who happens to be a Wiccan. She knows who Llewellyns art is. I know she will love it.

I always have this calendar. it is necessary for witchs.
