Some of the quality of the pictures in this book are atrocious. It's a real Downer for me to open up a book that's highly rated and see some of the quality that's in here. Not every picture has an issue but there are enough issues for me to rate it 4 stars. Most of the photos are fine which is why I still rated it highly Please refer to photos, some appear to be extremely pixelated and others incomplete

I love the coloring book! The papers are thick and smooth and nice. I color while listening to my ebook in audible . The coloring book gave me fun and enjoyment plus the pictures to be colored are all nice and modern.

It is a very good coloring book with a lot of pages and cute pictures. I definitely recommend. It helps with the boredom of school.

Like a few pages in this book but it is smaller than expected the pictures are just ok.

Loved the book. The pictures are fun to color. Great coloring book.
