## Customer Reviews

I received a copy of this book from the publisher for an honest review and honestly I love it! Tim Foley did a nice job on the illustration. The paper quality is good, although if using markers, I probably would put a few sheets of paper behind the page in case of bleed through. The drawings are one sided and are perforated. I really like the variety. There is a mix of Hillary pictures that are both historical and comical. I look forward to coloring in it!

Just what the doctor ordered during this disordered election season! The drawings are super, with the artist capturing Ms. Clinton's likeness perfectly. I've colored my way through a six inch stack of coloring books while watching debates and other election news and this one, by far, will be my favorite. How could it not be! I received a free copy from the publisher in exchange for an honest review! I'd have gladly paid for it, several times over.
