Customer Reviews

I love this collection. Great variety and good quality designs and pages. Single-sided and perforated, which is a big plus. The disappointing thing is that I purchased all three books in this "series", and now I have designs in duplicate and some even in triplicate! Your best bet is to purchase The Swear Word Coloring Book and pass on the other two.

Hilarious. I am currently looking for something to match this coloring book. It has a great amount of coloring space. Most adult coloring books are pages of fully decorated space which seems cool but after a while not finishing a page for days is frustrating. This book also adds a level of humor most other swear word books do not have. Unlike the others which are decorated swear words, this book has fun phrases and clever humor.

Great coloring book for grown ups and older teens. My daughter and I get a huge kick out of these!
Inappropriately Hilarious!

Received this book today. I'm disappointed that the words are not the part that you color on the majority of the pages.

I love this book! I've almost finished coloring it all. All the pictures are wonderful, great artwork!

Cool artwork, good paper and printed on only one side. Nice!
