## Customer Reviews

If you are expecting something like Guinness World Records, do not buy this book. Ripley's Believe It or Not! is not a record book, but just a book about amazing and incredible things. The book is formatted in a way that you can just flip to any page and start reading. I would recommend this book for younger audiences, as most of the book is pictures. I am skeptical to believe some of the "facts" in this book, as with prior knowledge I know some of these aren't true, and I doubt the researchers really did their research. But this book is aimed towards kids, and my children enjoyed it.

Great for the school-age crowd. My third-grader will spend hours reading this and looking at the pictures.

This is an excellent rendition for readers interested in a plethora of curiosities on earth. The book describes how the Zebrafish repairs its own eyes. There is a beautiful picture of a monster mushroom. A bionic hand is depicted along with a robotic violinist. A section has a curious museum

of brainmatter. The Colorado wrestling alligators are shown in a popular action pose. Lastly, a spectacular Crystal Cave depicts an atmosphere of pure ice. The acquisition would make a perfect gift for the curious at heart.

My son needed this book for a school summer project, so I ordered it when I saw I could get it for less than 4 bucks! Not only did it come in almost new condition, I was surprised at what a really nice book it was. The cover is awesome, and the book is so well-made. It's for young children and teens, but even I have enjoyed reading it. My 9-year-old son's eyeballs have been glued to that book. He's a very active kid, and he will run inside the house, open it up, read for a few minutes, and run back out. I'm pretty sure it's to share some of the more disturbing facts with his friends, but whatever, I'm just glad to see him so interested in a book. He reads for at least 20 min everyday, and this is the only book that he will refer to constantly. I'm definitely going to buy more of these.

I get the yearly edition of Ripley's Believe It or Not for my great-grandson every year for Christmas and he has learned to read using these books. These books are fascinating for young and old alike. There are so many amazing and unusual listings that make up these yearly updates that you never get tired of reading them. A wonderful way to get young children interested in reading.

I PURCHASED THIS FOR MY LITTLE BRO, FOR XMAS. BEAUT BOOK, SUPER MAD COVER AND REALLY GREAT PRICE. AFTER MUCH HUNTING, I FINALLY FOUND THIS BOOK ON . COULDN'T FIND IT IN ANY RETAIL OUTLET. I SHOULD HAVE KNOWN THAT I COULD ALWAYS DEPEND ON . I'M GONNA HAVE ONE HAPPY LITTLE BROTHER. HE'S BEEN ASKING FOR THIS BOOK AS HE'S A RIPLEY'S FANATIC. I HAVE TO AGREE, THIS BOOK IS AWESOME.

I bought this book for my nephew as a Christmas gift (I buy the latest version for him every year). I read it and loved it; I was fascinated by the photos. He read it and loved it and looks forward to his newest edition every year!

The Ripley's Believe or not 2011 edition was everything we expected and more, never have been disappointed by Products, always gets here in a week or less and everything said to be! Thanks again! Carolyn
