## Customer Reviews

Attached to this review will be a silent flip-through of the entire coloring book and some sample photos so you can make an informed decision as to whether or not it will work for you. Of all of the Disney coloring books released over the past 12 months, this one has been the one that I have most be looking forward to. While there is heavy patterning on a lot of the villains, it is not as extensive as that used in the Disney Animals coloring book. For the most part, I am ignoring the patterns and looking at the outlines and coloring in big swathes of color in both of these books. I find that it will be easier to do so with this book as the patterning is not âœdoodleâ • style. I am considering the patterning in this book as a form of texture in the villains clothes. For those who like to color lots of tiny detail, it can be worked as tiny areas to color. The book is divided into three chapters: Villains from the Animal World, Monsters and Sorcerers, and Villainous Humans. While I might have chosen different villains, there was a nice assortment from the following movies: Peter Pan, One Hundred and One Dalmatians, The Princess and the Frog, the Aristocrats, The Hunchback of Notre Dame, Beauty and the Beast, Hercules, Aladdin, The Jungle Book, Cinderella,

The Rescuers, The Sword in the Stone, Sleeping Beauty, Tangled, Robin Hood, Alice in Wonderland, Snow White and the Seven Dwarfs, The Great Mouse Detective, The Lion King, Mulan, Lady and the Tramp, Ratatouille, Pinocchio, The Little Mermaid, and The Emperor's New Groove. There are only 9 designs which span across 2 pages. All of them are what I call "wallpaper" • repeating pattern designs.
