Ayahuasca Jungle Visions: A Coloring Book

Synopsis

Ayahuasca Jungle Visions is a coloring book inspired from the personal experience of artist Alexander Ward on a journey down river from the source of the River, deeper and deeper into the very heart of the Jungle, where we discover the greatest abundance of life on this sacred Earth. Uncovering ancient cultures and traditions of tribes that have learned to live in harmony with Mother Nature. Through the coloring of the images and written insights throughout, we will come to see the Jungle as the artist did on his journey, through the eyes of these ancient shamanic cultures, to view nature not as a series of animals and plants but as an interconnected web of life which we are all connected to, offering a vision of humanity in proper relationship to Mother Nature, Pachamama; The great giver of life.

Customer Reviews

I'm elated with my purchase of Alexander's Ayahuasca Jungle Visions. It touches my heart and opens me back up into the world of my own visionary quests. I have had such joy shading in the intricate maps he has outlined and I know you will too. Every page is so thoroughly thought out, with insight and wisdom to match. The material and quality of this book is far beyond any other on the market that I have seen and that is a testament to the Visionary he is. From his Youtube Videos, to his paintings, to the detailing of this work, even the tear out sheets so you can frame your own colored in pages... he's definitely doing something right!

A fun, fantastic and beautiful product that will provide hours of whimsy and wonder!

A stunning, high quality book by a very talented artist. I was pleasantly surprised at the amount of pages there are, look forward to diving into each one.

The most profound and beautiful coloring book I've ever had!!! Thank you for making it! Love it!!!
