# Enchanted Art Grayscale Coloring Book: For Grown-Ups, Adult Relaxation

## Synopsis

Settle in with your coloring supplies and enjoy these GRAYSCALED illustrations from the art of Alena Lazareva. 42 images to color (38 Enchanted Art plus 4 bonus pages) Pages printed on one side only Full size paper, 8.5x11 Pure white, 60 lb paper, acid-free for long art life Coloring on grayscale is a little different; please use the "Look Inside" feature before purchasing to gauge whether this book is right for you. There is also a YouTube video to see every page in the book: [youtu.be/n0HIsEwjQ4A](https://youtu.be/n0HIsEwjQ4A) (copy and paste in your browser). Each page is printed on one side only, great for colored pencils; test your gel pens first. Markers will bleed through and need blotter paper beneath the coloring page. Colorists, you are also welcome to copy the images onto cardstock for your own use. Visit the artist at her website: [AlenaLazareva.com](http://AlenaLazareva.com) her beautiful art is available on many things for your home - phone cases, blankets, throw pillows, posters, etc.

## Book Information

Paperback: 88 pages

Publisher: CreateSpace Independent Publishing Platform; Clr Csm edition (April 18, 2016)

## Customer Reviews

This is a really beautiful grayscale coloring book. It features the artwork of Alena Lazareva and is the first book I have by this artist. I do have another quality book by the same design group, Wingfeather Books and have really enjoyed that one as well (• Spirit Animals) which was the second grayscale book I had purchased. I'm very impressed by the beautiful of the artwork. Within minutes of receiving my copy, I ordered additional ones for some family members who want to try grayscale coloring. There are 38 designs in this book plus four preview pages from • Mermaids, Fairies & Fantasy • giving you a total of 42 pages to color. I think that is a huge bargain considering both the price and the quality of the artwork. I generally use just coloring pencils on my grayscale

(and I am fairly inexperienced at it in general) and recently have done some in just alcohol-based markers. For my first project in this book, I wanted to use both. I used the markers as a basecoat and then went over the entire design with pencils. What was fun about doing it that way was that I could get the coverage I wanted with the markers and then still make pencil stroke marks in the hair like I do with regularly coloring. It was fun and maybe not as successful as it could be but I will keep trying until I learn the technique properly! This is what I found while coloring and testing this coloring book: 38 Enchanted Fantasy Designs plus 4 bonus pages Printed on one side of the page. Paper is typical CreateSpace which is thin, white, slightly rough and non-perforated.

Summary: "Enchanted Art" contains 38 pages of new artwork, 4 pages from a previous book, 2 pages of introductory material, and 2 blank sheets in the back. It measures 8.5 x 11 inches and is glue bound in a laminated cover. Every picture contained in this book is printed in grayscale and features a beautiful woman, angel, mermaid, or fantasy style image. Grayscale coloring is more advanced than black and white line drawings, but the end result is generally more realistic. This book is not suitable for all skill levels and I would recommend it to colorists who want to learn a new technique or those who are more advanced. Paper: The paper in this book is bright white and the same weight as standard copy. All pages are single sided and non-perforated. There is a bit of texture to the paper and I had to apply some extra effort to get a smooth result. Pencils, gel pens, and some chalk can be used without any bleedthrough or wrinkling, but I don't believe that markers or watercolors could be used heavily on the existing paper without severely compromising the images. I would recommend transferring pages onto heavy cardstock or paper (for personal use only) before attempting any wet mediums. As always, be sure to place several sheets of blotter paper under your current picture to prevent color transfer. Artwork: As the title implies, "Enchanted Art" features fantasy inspired images. They range in difficulty from simple portrait style headshots to full body shots with background scenery, animals, and flowers. All of the pictures end before they reach the edges of the paper, so they can be cut from the book without affecting the artwork. All of the images were created by the same artist, so there is a nice level of consistency throughout the book.
