Johanna Basford 2017 Coloring Day-to-Day Calendar

Synopsis

Johanna Basford's amazing 2013 bestseller Secret Garden fueled the adult coloring craze, selling an unprecedented number of copies. It was born out of the self-described "ink evangelist's" passion for the hand-drawn line and its inherent sense of energy, which is impossible to duplicate via computer-generated graphics. Her initial bestseller was quickly followed by two more as her fan base and the coloring phenomenon grew. Along the way she's lent her art to such corporate clients as Starbucks, Absolut Vodka, and Chipotle. No matter where it's encountered, her art evokes fancy in the viewer, inviting closer inspection of its hidden intricacies. Each page of this calendar contains an amazing and intricate piece of art from one of Johanna Basford's best-selling books. The keepsake box displays the current day's page and provides a place to store the pages once they're colored or to save them for later.

Customer Reviews

This is my first daily calendar set by Johanna Basford. The designs in the set are excerpted from "Secret Garden," "Enchanted Forest," and "Lost Ocean." The pictures are generally cropped from the full design and have either been enlarged or made slightly smaller to fit the design area on the daily calendar page. The designs are really fantastic given the daily concept of the calendar. Usually, with this type of calendar, designs are small and somewhat simple. These designs are really beautiful and detailed but for the most part, are not small and difficult to color. There are a couple of designs that borderline that area but for the most part, some designs have been enlarged from what they were in their respective books and are actually easier to color.

(though, of course, it is only a portion of the original design.) I plan to work a few pages ahead of the calendar so I can enjoy the current day in its fully colored glory. It's a fun way to revisit some of my old favorites but still feel like I'm having a new coloring experience. I look forward to this style of calendar again in the future from Ms. Basford. The pages are a full 5 x 7 inches as is the beautiful keepsake box that the calendar sits in. The box is decorated in black and white with gold foil touches. The inside of the box is white print on black background and there is a black attached ribbon which can be used as a bookmark in the pages. The design portion of the page is slightly taller than four and one half inches by four and three eighths inches wide. The rest of the page is the calendar portion. The pages are loose leaf in the box. Monday through Friday each have their own page and Saturday and Sunday share a page.
