# Caillou, Potty Time (board Book Edition): Potty Training Series, STEP 1

## Synopsis

New board book format! Mommy has a surprise for Caillou: a potty for him to use. No more diapers. Caillou™s a big boy now. After several attempts, a few failures and near-misses, Caillou learns to ask for the potty when he needs it. Toilet training is an important step in child development. Adults are in a hurry, toddlers have lots of time, but it is essential to respect their own internal rhythm. Children must acquire bowel and bladder control of their own free will.

Title: Caillou - Potty Time - Potty Training Series Step 1Author: Joceline SanschagrinIllustrator: Pierre BrignaudPublished: 7-12-2016Publisher: Chouette Publishing - CaillouPages: 24Genre: Children's FictionSub Genre: Games; Friends; Child DevelopmentISBN: 9782897182953Reviewer: DelAnneReviewed For: NetGalleyMy Rating: 4 1/2 stars.Geared toward 3 to 6 year olds . Caillou - Potty Time tells the story anyone who has ever had a toddler remembers too well. Trying to teach their child what the p0tty is for and to use it. It is probably one of the few times we will ever have a party celebrating someone going to the bathroom. Caillou is a typical toddler, he wants to please his parents, but it is not as easy as it seems. It will help those in training understand "accidents" happen but with effort and practice it will happen. Just don't forget yourself. Beautiful illustrations by use

color to hold the young reader's interest. My rating is 4 1/2 out of 5 stars.
