On The Water: Grayscale Photo Coloring For Adults

Synopsis

What is grayscale coloring? Simply put, it is an easy and amazing way to add professional shading to your coloring, without having to add the shade yourself! The complex gray tones add variance and depth to your art, taking your adult coloring to the next level, resulting in pictures you'll be proud to share. View our YouTube video showing all pages at: youtu.be/hl01WmGCUw0 (copy and paste the link into your web browser) Includes 24 gorgeous designs Printed on one side only Full size (8.5" x 11"), pure white 60lb. paper

Customer Reviews

I had never attempted grayscale coloring in the past. Since this was the first grayscale book I'd ever purchased, I wasn't sure what to expect, but I was amazed at how easy it is to use and at the end result of the first picture I attempted in it. The pages are printed single-sided; the paper is thinner than in some books, but it's adequate for pencil coloring.

This book has beautiful pictures however they have lines in them and they aren't very clear to see the book also came with a little bit of bending to the back as if someone was flipping through the pages.

I purchased this and gave to a friend that adores it and I looked through it and the pictures are great !

first time gray scale user - not sure yet I am sold, but will keep coloring.

Beautiful pictures but I haven't started coloring in it yet. I'm curious to see how it will look when coloring over black and white.
