I just read Dave Canterburys new Trapping, Gathering, and Cooking book. This â œcookâ • book is chock full of cool information! Selecting gear, trail foods, recipes, cooking tips and techniques, cooking implements and cooking gear that you carry in and cooking in the field with OUT gear and how to do it! It has a section on how to hunt and trap game, meat gathering methods, upland game, fish, frogs and everything in between. There is also FULL COLOR glossy pics to help id edible plants as well as â œlook a likeâ • for everyone's safety. If you already have Bushcraft 101 and Advanced Bushcraft, this third installment is a MUST HAVE for your bookshelf. This would be a GREAT gift for introducing someone into the world of outdoor cooking and its endless possibilities.

This book just solidifies the meaning of truly â œsmoothingâ • it in the great outdoors.
