Customer Reviews

The designs are FUN and there are so many options. I highly recommend Tropical Mandalas for anyone trying to get lost in a good coloring book, or just passing the time on an airplane. Emily is honestly so talented, everyone I know that has custom work done by her has absolutely raved. Her first of many coloring books to come! -Tropical Mandalas: Coloring BookPeter

Just got my Tropical Madalas Coloring book in the mail! I don't color much, but have really been looking for a cool way to express my creativity! This book is 70 + pages of coloring fun! I find it a great way to relieve stress and express my creative ambitions! This is a must buy!

The Tropical Mandalas coloring book is a great book for people of all ages. The book has a great mix of designs with varying levels of difficulty. There are plenty of designs in the book that make for hours and hours of coloring and relaxation. The artist has a great feel for spacing and each design leaves room to put your own spin on it. I also loved this book because, unlike some others, this book does not print designs on both sides of a page. This means that you can color every single design in

the book without your markers bleeding through the page and effecting any of the other designs. Between the unique designs, number of pages with varying difficulty, and printing on single sides of the page, this book really hit the mark and is a must have for people of all ages looking to unwind and do some coloring. Can't wait to see what other books this artist puts out!

This coloring book is amazing, I am so excited to fill up the pages. Emily Phelan is clearly very talented!
