# Scary Fantasy: Grayscale Coloring For Adults

## Synopsis

What is grayscale coloring? Simply put, it is an easy and amazing way to add professional shading to your coloring, without having to add the shade yourself! The complex gray tones add variance and depth to your art, taking your adult coloring to the next level, resulting in pictures you'll be proud to share. ## Customer Reviews

I agree with another reviewer the paper is strange. And the pictures look like they just printed them off the internet and put them in a book. I was really looking forward to this and now I'm a bit disappointed.

Paper is weird and when I tried to color it looked terrible and color didn't lay down well .I bought 5 of this artists books they all same

Crap , sending back. Paper is poor quality and the pictures are actually blurry. Nothing good about this book and I was so excited to get it.

It's really horrible the paper is best up the gray-scale is not good sending back . I would not

recommend you to buy this .
