Gothiscopic Kaleidoscopes Coloring Book

Synopsis

Twenty five totally cool greyscale kaleidoscopes for hours of coloring fun. These coloring pages are designed in a wide range of shades from black backgrounds to use with markers and gel pens, to very light grays that work well with all mediums. There's something for everyone! **Just a quick note to buyers; You may find that some of the pages in my coloring books are darker than other artist's books, I have found through coloring these pages myself that darker pages lend themselves very well to heavier mediums such as markers, gel pens, and even watercolors. Also, there are new techniques for blending colored pencils such as using baby oil and petroleum jelly that can completely washout lighter pages. I have tried to include a variety of shades to accommodate every skill level, from beginners to advanced in every book that I create. I encourage you to step outside your comfort zone and try something new, I hope that you will be pleasantly surprised by what you can create =)

Customer Reviews

Do not like this book. Pages are to dark to color and enjoy. ' •»

This is not a coloring book! This is a book of black and grey pictures that you'd see in a kaleidoscope that has no color! What are you supposed to color? No white spots or anything! All grey!!
