Customer Reviews

I love this collection. Great variety and good quality designs and pages. Single-sided and perforated, which is a big plus. The disappointing thing is that I purchased all three books in this "series", and now I have designs in duplicate and some even in triplicate! Your best bet is to purchase *The Swear Word Coloring Book* and pass on the other two.

Great coloring book for someone who wants a fun way to express feelings. Pages have awesome designs with cute animals and random saying along with some other cool images. Would highly recommend if you enjoy coloring.

I bought this for my daughter and she has received compliments on it from her friends. I like that the designs are bold and open to color choice. The paper is good quality as well.

I laugh at the captions every time I color one. "F" word is used a lot but NO "C" word. I wouldn't have purchased it had it been in the book

A perfect antidote to all the treacly adult coloring books. A great pick-me-up gift for a friend who has been down in the dumps.
