## Customer Reviews

I Got This as a gift from my husband.I am 9 months pregnant. I needed something to do to occupy my time and I really love this. It is a very cute book and I get a kick out of all the funny cuss word sayings in it. He also purchased a nice set of gel pens to really allow Me color these nicely. Here are some Few Pictures, I've Colored. Very cute and fun for adults who have a good sense of humor and want to relieve stress. I swear too much, It happens, so getting a coloring book with sweat words, just Makes my heart happy! It's perfect! I also love the fact there is cat and dogs around the pictures. Swearing and animals, things I enjoy.

So I'm lovin this adult coloring book trend that's going on! And I really appreciate the publishers for having a sense of humor when putting this out. This is just pure fun. I've only colored 2 pages (see pics) and will probably finish this quick. It's strangely addicting and relaxing. Good for yourself or as

a gift for anyone with a sense of humor. Also, I love that the pages are bright white so the colors look vibrant. Enjoy!

I really enjoyed this coloring book because I know that I can get everything out of my system by sitting back and coloring. I know that I can't actually go off on someone this exceeded my expectations! Enjoy it for your sanity!

I read one of the customer reviews and thought I should post a picture from this book. It is not blurry. It is what it says it is. A book with swear words. I will say that I enjoy some of the other adult books more because I enjoy a full page of intricate design but this is good if you are looking to finish a page quickly and not spend hours coloring.

Nice coloring book but a little repetitive.. I have been given and have purchased a lot of adult coloring books as they are a great stress reliever.. My favorites are these swear word books... I find nothing helps with stress better than coloring a nasty name, or cuss word.. It makes me smile and laugh.. This coloring book here is very well made, very high quality, but the artwork is repetitive.. That doesn't bother me as I am a simple person anyways.. I found all art VERY simple and fun to draw and color! I would highly recommend this to anyone unless the repetitive art bothers you

I love this coloring book, not only does it have any swear word you can think of but it has other cool designs so you aren't just coloring swear words. It has the aspects of any other adult coloring book a long with some pretty big swear words, but I love it!

Some of the words in this book are not swear words, and there are dogs and cats on every page. It doesn't seem to be 100% adult, and the pictures do not cover the full page, so there is a lot of open white space. Overall, it's a coloring book, and I have enjoyed it.

While this was amusing, the pages were printed on cheap paper that instantly soaked through to the backside (which ruined that page for coloring). The graphics were stretched or condensed or floated improperly in their computer program. Honestly, I wouldn't pay that amount for this book again.
