Customer Reviews

I bought this book for my young nephew - I believe this is the fourth one that he has asked for. I can only go by what he says and he says "I love these books"

The book itself is AWESOME!! I just assumed that since it was \$12, it was a bigger size and/or hardback! I should have looked at the dimensions!! I am a teacher and it is not ideal for a whole group lesson which is how I intend to use it!! Again, the content ROCKS!

My son really enjoyed this book! He liked asking our whole family who would win and the answer isn't what you would think! My son got a kick out of asking everyone and it's great for learning!

Excellent for upper elementary students when learning to read non-fiction. Kids love to predict who will win and learn something about both animals along the way.

All these "Who Would Win?" Books are great! Kids of all ages love them.
