# The Splendor Of The Saints: Why They Dazzle The World And Shape History

## Synopsis

Fr. Aloysius Roche (1886-1968) answers that question with wit and wonder in this refreshing, rollicking account of outstanding saintly achievements across the centuries. These stories will inspire you to follow the saints' examples as you discover how they:   
Lived fascinating lives that make legends seem dull by comparison  
Practiced heroic selfness, detachment, self-denial, and generosity  
Displayed startling energy and stamina in fulfilling their missions  
Transformed society through ways of thinking far ahead of their time  
Left their imprint on the world's geography, languages, and cultures   
This new, definitive edition of Fr. Roche's modern classic features a new Foreword about the author's life by Paul Thigpen. It also features 133 new biographic and explanatory footnotes; comprehensive Scripture citations, and an updated style and vocabulary to make it accessible to the contemporary reader.   
We must never be "reconciled to our own mediocrity," Fr. Roche insists. Let the high heroism portrayed in *Splendor of the Saints* stir you "to scale the heights and to get your head among the stars."

## Book Information

Paperback: 216 pages

Publisher: TAN Books (January 4, 2016)

Language: English

## Customer Reviews

It has become very obvious to me unless we are aware of our history and those who have gone before us we do not even know what becoming a Saint looks like in the human form. Jesus came to teach us of Father God and told us that our way was through Him. We need to know what those who did follow Jesus to the end did so we may follow the tried and true steps to our own Salvation Jesus died to give us.
