Customer Reviews

Jump into Fall is an adorable introduction to the fall season for the smallest of story listeners. The colors beautifully capture the season and the die cut holes add an added dimension to a whimsical, well written little rhyme that manages to invoke many seasonal characteristics before ending on the favorite one of all, a big jump into a pile of leaves! This is a great read aloud for toddler story times even though the smaller size might make it a bit problematic for very large groups. The dose of glitter that shimmers on that last pile of leaves only adds to the charm created by the family of teddy bears cavorting across the pages. This is an excellent, sturdy choice for any toddler's personal collection and a must have for fall themed toddler story times.
