Building Bacardi: Architecture, Art & Identity

Synopsis

Richly illustrated with vintage, powerfully graphic, and often glamorous imagery, Building Bacardi tells the story of the iconic brandâ™s love affair with high design. Anyway you drink it â| Bacardi rum is the mixable one. Bacardi is best known for its rum and trademark bat logo, yet the famed spirits company has also been a force in the development of avant-garde art and architecture. True to the company slogan, Bacardi has asserted its corporate identity through buildings designed by a potent mix of modern architects with varying, sometimes radically different approaches to architecture. Corporate headquarters, distilleries, bottling plants, and executivesâ™ private homes have shaped and reflected Bacardiâ™s position as a regional upstart, a national icon, and a global corporation with outposts in such places as Bermuda, Brazil, Cuba, Mexico, and the United States. Building Bacardi is the first book to explore the twentieth-century architectural legacy of the company.

Book Information

Hardcover: 240 pages

Publisher: Rizzoli (April 5, 2016)

Language: English

ISBN-10: 0847847489
