Eucharistic Adoration is a beautiful practice that I have always struggled with. The few times I have placed myself in front of the Blessed Sacrament, my mind immediately begins to wander. I try and force myself to pray and just clear my mind, but the distractions unfortunately kept coming. I knew I had to find a book to help with this if I ever was going to have any kind of success at adoration. Recently, TAN Books published the Manual for Eucharistic Adoration, and I knew that I had to give this book a try. The manual is divided into two parts - 1. Preparing for Eucharistic Adoration and 2. Aids in Eucharistic Adoration. It then provides a brief explanation on how to properly use this book. In a nutshell, it says that the first part helps you better understand the importance of this devotion, and the second part provides Scripture, prayer, and texts to help you grow in this devotion. I found Chapter 5: Guidelines for Adoration to be particularly helpful. In this chapter, it clears up the misconception that love, fervor, and devotion are required for adoration. Adoration is an act though, and not a sentiment or emotion. I also found the different meditations and devotions in the last chapter to be extremely helpful, as it helped to focus my thoughts and provided me with words I was lacking. The Manual for Eucharistic Adoration is a marvelous book that will prove beneficial to veterans and novices alike. It contains a nice blend of history and practical spirituality to help you grow closer to God. It is also beautiful in presentation with Premium UltraSoft leather, sewn binding, and a ribbon bookmark. Probably best of all is that it's small enough to fit into a pocket or purse, so that you can always have it handy if you feel the sudden desire to go to Eucharistic Adoration.
