Customer Reviews

This is the book, if you are looking for excellent Modern Minimalist designs for homes. It is packed with great Architectural Design. Every page has something to offer. I'm planning a Small Home of 700 sq. ft. Even though most of these homes are larger, they incorporate many of the design ideas, features and concepts I want to use.

Excellent book clear beautiful pictures and multiple layouts and plans for each house.

Very enjoyable, covers a wide range of sizes of structures and a plan for each.
