## Customer Reviews

I will attach a silent video to this review (as well as a few sample photos of designs) so you can decide if it this coloring book is one that will work for you. This is the first Harry Potter Poster coloring book. There have now been three regular coloring books in this line and the poster book is based on the first two books âœHarry Potter Coloring Bookâ• and âœHarry Potter Magical Creatures Coloring Bookâ•. I feel that each of the books could have merited their own poster books, such as the ones that have been done for âœSecret Gardenâ• and âœEnchanted Forest.â• A few of my favorite designs from both books are included; however, I feel that they included a few too many âœwallpaperâ• repeating designs rather than putting in some of the more iconic scenes that were

spread across two pages in the original books. There are so many designs I would have preferred but that is only my taste in the artwork. While I was a little disappointed, I won't detract a star in my rating as the artwork that was included was done extremely well. I really appreciate this format for coloring books. The paper is much more heavy weight though I call it a medium weight card stock. It could certainly stand up well to being framed if you so choose after you color it. The size is also great for framing at 14 x 11 inches. I tested the poster book with a wide variety of coloring medium and will provide my test results in the overview below. I'll also include a list of the types of medium I tested in the comments section following this review.
