Love the recipes. They are very close to some of the Chinese recipes that I use in my own home cooking and I have seen new recipes that are intriguing to me. I would have liked to have seen recipes for a version of fried rice found in Boston however and one for roast pork, but overall I think that this recipe book was great.

I have so often tried to copy Chinese takeout and have come close this book did it thank you so much. I have been enjoying all that I have made. In all honesty this is better than takeout!!!

Outstanding and easy cookbook, every page has well written instructions and great pictures. I get hungry just looking at the pictures.

There were a lot of recipes that included pork and shrimp, which I can't eat. However, the chicken and beef dishes looked wonderful like the Beef Chow Fun and Moo Goo Gai Pan. I'm looking forward to trying those.

I found this a great selection of take-out style North American chinese food with simple instructions. Writing up my grocery list.

Tasty takeout recipes, easy to follow.

Great source of info for the price...

The recipes are incredible and very easily explained. Now, I can prepare restaurant dishes at home and save \$\$\$.
