Great recipes for simple but satisfying dinner entrees. I've made the Taco Salad Casserole, Lemon

Butter Chicken, and Szechwan Shrimp and they were all very easy and super delicious. Highly recommend!

This is a cooking bible for fast, easy meals plus plan ahead freezer meals my kids love. Using the six sisters I was able to easily fill my freezer with delicious, homemade meals to use on those busy fall nights. It is the go to for practical cooking in my house!

Can't wait to try more of these recipes! The entrees look delicious, and the ones I've made have tasted great. Cookbook has beautiful pictures too and easy to follow directions. A great way to simplify dinnertime for a family!

I received this book as a gift and it's been perfect! I am always looking for easy dinners to make for my family and these are great dinners for week nights. We have already tried 3 recipes and we have loved them all.

Very nice cookbook. Ordered several for gifts!

Perfect if you need a recipe book full of easy, delicious dinners! The recipes include ingredients that you have actually heard of, and their instructions are simple and easy to use.

Blah! A lot of the same recipes. Nothing new and exciting. Lots of processed foods and crock pot type meals. I have all of the other Six Sisters Stuff books and this one was very disappointing. Nothing but main course recipes. No sides, desserts etc. I would say to skip this one!

Perfect helper for busy moms! Loved everything I tried!
