Customer Reviews

I love that my baby can practice her sight words over and over again without wasting paper. I just didn't like that the cleaning was messy. Their flash cards are genius! The let's are a bit too small for beginners. I had to use a wet wipe, then use a dry paper towel. Don't let pen mark sit for too long you might be able to get it completely clean Ã Â Â^Â¢

I have multiple books like this one from ABC's to numbers and now sight words. I have two children with Autism and they love them! I also have a 5 year old who is entering kindergarten this year and she will be using this soon! What I love most about this product is it can be used by multiple

children. I uses dry erase markers so it wipes clean. I have had the occasion where marker is left on the page for a number of days but a little Windex takes it right off. It allows my children to trace the letters and "color the pictures." plus the pages are sturdier than paper so they can't rip them out. I highly recommend this product as well as all the other books this company makes like wise, highest quality and nessesary for me and my families needs!

Works great. Comes right off as well. My daughter has left it on for a day or so and I took a damp napkin and wiped in first swipe so I dont know what the problem is for those saying they have had trouble????.....My daughter is doing great with this book. It is set in a way that the child can grasp the lesson quickly. GREAT BUY!

This had been a wonderful learning tool for my almost kindergartener. Wipes off so easy I'll be able to keep it for my daughter.

Great book for my 4 year old son. He likes this book along with other wipe clean books we have. This one is new and very easy to learn. Ty

My early reader loves these wipe clean books. The punch out flashcards in the back were an unexpected bonus

These are great for helping K's and 1st's to learn writing, spelling and reading these words

Best way to make learning fun. My granddaughter actually liked doing four pages a day!
