Hot Rod Hamster Meets His Match! (Scholastic Reader, Level 2)

Synopsis

When Hamster and his friends go looking for some cool, wet, wild fun at the Water Kingdom waterpark, Hamster and his new friend, Holly, challenge two dogs to a race down the waterslide. Can they win? With the same bouncing rhythms, fun choice rhymes, and daredevil antics that made the picture books so popular, this original Level 2 reader will be a sturdy stepping-stone for both Hot Rod Hamster fans and series newcomers moving on to independent reading. The years Ms. Lord spent as a first-grade teacher have given her the perfect sense for what language and storylines work best for emerging readers. Little boys and girls will race to collect this latest story from their favorite furry friend. Speed down the early-reading water slide and join Hot Rod Hamster and his buddies for loads of fun in the sun!

Customer Reviews

Hamster and his friends are hot. They decide to cool off at a Water Kingdom water park. When they first arrive they can't agree on who gets what float. They begin their adventure by relaxing in the splash pool. But Hot Rod Hamster wants the wild part of wet and wild. So the group heads to the water slide. Holly and Hot Rod Hamster are the only ones brave enough to try the slide. On the way

up they meet some dogs who challenge them to a race. Now the wild part has begun. The bright, colorful illustrations will pull the readers in. The story is told with bubble captions. The vocabulary and limited words fit with the intended reading level. The author made the book interactive by asking questions. There are also descriptive words that are not a part of the story. This book would work well for beginning readers, either in a classroom setting or to encourage reading at home. I received this book free of charge from Children's Lit in exchange for my honest review.

My two-year old and three- year old grandchildren simply adore the Hot Rod Hamster series! This book is another five star winner to them! They could not be more delighted when this new book arrived. They jumped and shouted with glee! We read and retread the books so many times. They love the question format and despite all the rereading, still love pondering over question responses. The grandchildren will tell me how their cousin answered and why. It is so funny to me! My sons-in-law are so happy when a new book comes out, too, as they can vary and increase the repertoire of reading, as they have the books memorized, too. What a happy delight!

My 6 yr old granddaughter loves it.
